

JUL 06 2006

Application Serial No.: 10/763,884
Amendment and Response to April 7, 2006 Non-Final Office Action**AMENDMENTS TO THE CLAIMS**

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A method, comprising:
receiving a first voice mail message, said first voice mail message being associated with a recipient of said first voicemail;
converting said first voice mail message to a first instant message;
determining an instant message address associated with said recipient; and
sending said first instant message and said first voice mail message to said address of said recipient.
2. (Original) The method of claim 1, further comprising:
determining if said recipient is available to receive an instant message.
3. (Original) The method of claim 1, wherein said sending said first instant message to said address occurs only after determining that said recipient is available to receive an instant message.
4. (Original) The method of claim 1, further comprising:
receiving a command from said recipient regarding said first voice mail message.
5. (Original) The method of claim 1, further comprising:
receiving a command from said recipient regarding a second voice mail message.
6. (Original) The method of claim 1, further comprising:
sending data indicative of a calling telephone number associated with said first voice mail message.

Application Serial No.: 10/763,884
Amendment and Response to April 7, 2006 Non-Final Office Action

7. (Original) The method of claim 1, further comprising:
sending data indicative of said first voice mail message's length of time.

8. (Original) The method of claim 1, further comprising:
sending data indicative of a number of voice mail messages associated with said recipient.

9. (Original) The method of claim 1, further comprising:
converting said first voice mail message to an email message;
determining an email address associated with said recipient; and
sending said email message to said email address.

10. (Original) The method of claim 1, further comprising:
receiving a second instant message, said second instant message being
indicative of a request for information regarding at least one voice mail message
associated with said recipient.

11. (Original) The method of claim 1, further comprising:
receiving a second instant message, said second instant message including a
text message.

12. (Original) The method of claim 11, further comprising:
converting said second instant message into a second voice mail message.

13. (Original) The method of claim 12, further comprising:
providing said second voice mail message to a party associated with said first
voice mail message.

14. (Original) The method of claim 11, wherein said second instant message
includes data indicative of a party and further comprising providing said second voice
mail message to said party.

Amendment and Response to April 7, 2006 Non-Final Office Action

15. (Canceled)

16. (Canceled)

17. (Currently Amended) An article of manufacture comprising:
a computer readable medium having stored thereon instructions which, when
executed by a processor, cause said processor to:
receive a first voice mail message, said first voice mail message being
associated with a recipient of said first voicemail;
convert said first voice mail message to an instant message;
determine an instant message address associated with said recipient; and
send said instant message and said first voice mail to said internet message
address of said recipient.

18. (Currently Amended) An apparatus, comprising:
a processor;
a communication port coupled to said processor and adapted to communicate
with at least one device; and
a storage device coupled to said processor and storing instructions adapted to
be executed by said processor to:
receive a first voice mail message, said first voice mail message being
associated with a recipient of said first voicemail;
convert said first voice mail message to an instant message;
determine an instant message address associated with said recipient; and
send said instant message and said first voice mail to said instant message
address of said recipient.
